

# PAINTING WITH SCISSORS: COLLAGE ART

IN THE STYLE OF HENRI MATISSE

A 6 WEEK IN PERSON WORKSHOP

*with Quana Madison*

Step into the colorful world of Henri Matisse and discover how cutting paper can feel as expressive as painting with a brush. In this six-week collage workshop, participants will explore Matisse's "cut-out" technique—where vibrant shapes, rhythm, and color come together to dance across the page.

## IN THIS WORKSHOP, YOU WILL:

- Learn the art of collage using paper and scissors
- Explore Matisse's cut-out style and artistic process
- Create a personal series of collage artworks, including a large-scale final piece
- Experiment with color, composition, and form in a supportive, creative space
